## Chrysanthemums for Shading

We specialize in varieties which we after two years trials have found dependable for this purpose.

Were awarded New York Florist's Club's Silver Medal in 1933 for shaded Chrysanthemums.

Naturally, the qualities making a variety suitable for shading, also make the variety outstanding in it's normal season. A fine illustration is the yellow Mrs. H. E. Kidder.

If we can be of assistance to you in timing or selecting suitable varieties for this treatment, we will gladly help.
